About LARUS Pharma

Since 1994 we have been creating in Italy products based on our knowledge of **essential oils** and their application in the field of health and well-being.

We believe in the ability to innovate, make and update products: our patent – **a patch containing microcapsules of essential oils** – is now known and used all over the world.

We strive every day to guarantee effective, natural and safe products suitable for the needs of the whole family, **especially the little ones.**

MOSQUITAN PATCHES - USP

- The hypoallergenic and waterproof medical adhesive do not let the oils enter in contact with the skin, making the product safe and harmless, **one of the few products on the market suitable even for newborn babies and people with skin sensitivity.**
- **100% natural active ingredients**, pure essential oils.
- The microcapsules inside the sponge release the oils only after activation. This allows the oils not to disperse before using the patch and let the product have a **quite long shelf life (5 years).**
- **Patented solution**
- **Made in Italy**
